

# MeLE PCG63 Apo

## Fan-less Mini Desktop PC for Everyday Computing

The MeLE PCG63 Apo is a ruggedized PC in polished plastic casing equipped with Intel Latest X86 Ultra-low power processor and pre-loaded with genuine Microsoft Windows operating system. With its durable design, the MeLE PCG63 Apo is highly recommended to be used for home entertainment, small office facility, and digital signage as media player even in long operating hours.

The MeLE PCG63 Apo provides steady Dual UHD 4K display to UHD 4K Television sets / Computer Monitor through HDMI (4K30Hz) and Display Port (4K60Hz), stable connectivity to Internet via Gigabit LAN port and Dual Band 2.4GHz/5.8GHz Wi-Fi a/b/g/n/ac network. The MeLE PCG63 Apo comes with genuine Windows 10 Home pre-loaded out of the box for mini desktop which guarantees its functionality and availability of consistent software update from Microsoft. The MeLE PCG63 Apo continues with MeLE traditional fan-less system design to take care of common thermal dissipation challenges and support 7x24 hours long operating hours under super quiet (due to no moving part) and ultra-low-power consumption scenarios.

With the MeLE PCG63 Apo great performance and reliability now come in its ultra-compact form factor (<1.0 Litre in capacity) standing on your desk.

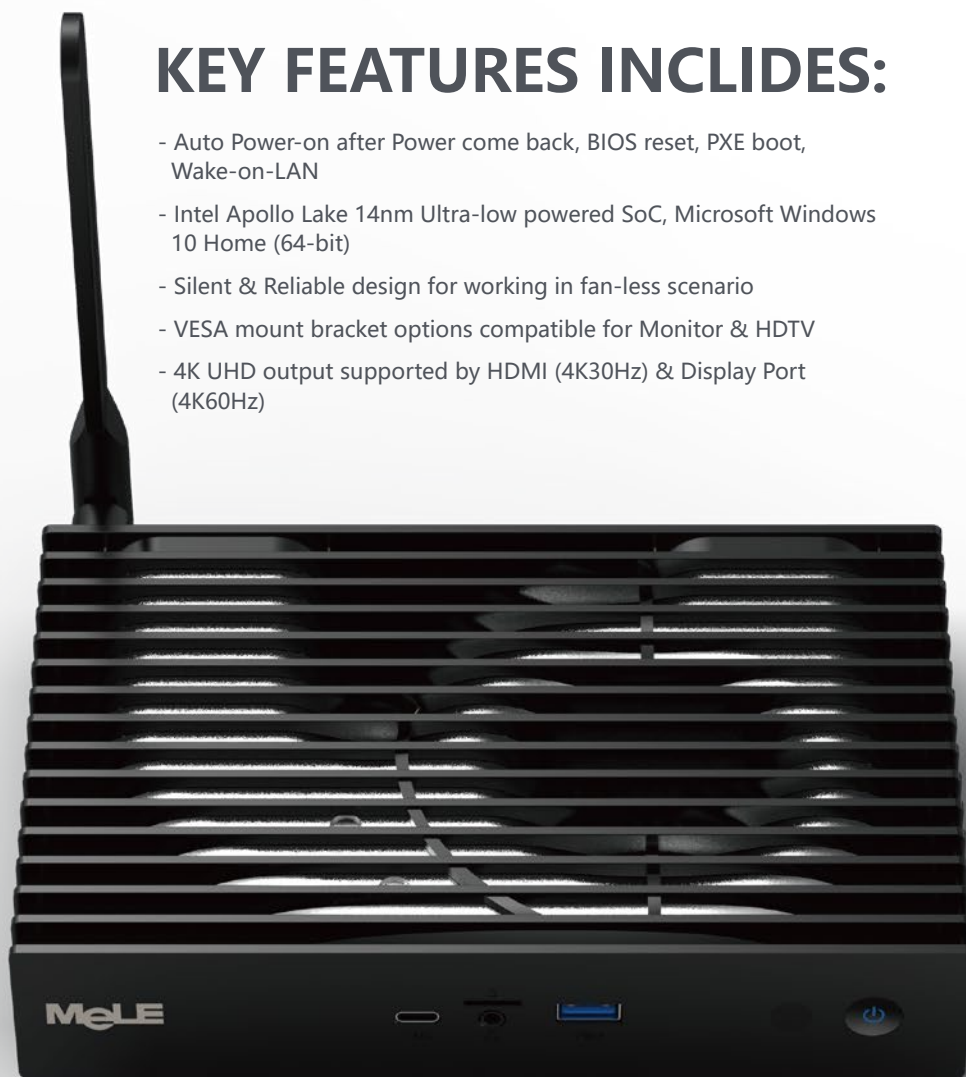

**Windows 10 Home**

The faster, The better | Intel Inside® & Windows® 10

## KEY FEATURES INCLUDES:

- Auto Power-on after Power come back, BIOS reset, PXE boot, Wake-on-LAN
- Intel Apollo Lake 14nm Ultra-low powered SoC, Microsoft Windows 10 Home (64-bit)
- Silent & Reliable design for working in fan-less scenario
- VESA mount bracket options compatible for Monitor & HDTV
- 4K UHD output supported by HDMI (4K30Hz) & Display Port (4K60Hz)

- USB 3.0 host, USB3.0 Type-C
- M.2 SSD & 2.5" HDD compatible
- Gigabit Ethernet, 802.11 ac WiFi
